- Chapters:* From Chapter 17 to Chapter 25 (tentatively).
- Tests:* There will be four tests during the semester. Your lower test grade will be dropped, so only your three best tests are counted toward the final grade. There will be **no make-up tests** given; if you miss any one of the four tests, that one will automatically be your dropped test. Tests are closed-book, but you may bring in a sheet of equations.
- Test Dates:* TBA
- Final Exam:* Wednesday, May 6th, 11am-1pm.
The final exam is cumulative and is equivalent to 2 tests.
- Homework:* Weekly homework assignments will be given through Mastering-Physics. Solutions will be partially discussed in class.
- Laboratory:* The laboratory is an integral part of this course. The experiments will complement the topics of the lectures. The laboratory will count for 15% of your final grade. **Missing 2 or more lab sessions will result in a failing grade for the course.** See lab schedule for detailed information.
